

RE-ELECT
JOHN WARREN – DEMOCRAT
DALLAS COUNTY CLERK

Proven Experience and Effective Leadership
Raising the Bar for County Government

PROGRESS REPORT

Since taking office two and a half years ago, John has been committed to improving the operations of the County Clerks Office by creating efficiencies, and best practices for office operations as well as protecting the citizens of Dallas County.

- Removing personal information from public records.
- Implemented a property fraud alert system.
- Implemented a new recording system for land records.
- Making all historical records from 1846 to current available online for public access.
- Renovated the office space to improve work flow processes.
- Implemented a new case management system for civil courts.
- Initiating paperless court project for civil courts.
- Implemented a disaster recovery plan for all permanent records.
- Initiated the development of a climate controlled facility to store permanent records.
- Began the book restoration and preservation project for historical record books.
- Established a tuition reimbursement plan to encourage staff to further their education.
- Established a customer service call center to respond to constituent needs.
- Work with County Commissioners to balance the county budget.
